Access controls and stay

Visitors are required to undergo a ticket check (if applicable to the relevant part of the event), as well as a bag check by security before entering the event venue. It is also possible that an ID check will be carried out (especially for youth tickets to verify age). In the course of the bag check, the security service employed by the organizer, the supervisors and the security staff are entitled to search clothing, bags and containers carried by the participants for prohibited or dangerous objects at any time. In the event of violations of the house rules, the organizer, the security service or the police are entitled to expel the offenders from the venue. After the end of the event, all visitors must leave the venue quickly. In addition, before parts of the events for which tickets are required, the premises will be completely cleared before admission, so the mentioned controls can be resumed.
